COSMOS SOLUTIONS
YOUR BUSINESS, YOUR WAY.

desking.

Our collection of office desks offers a wide range of desktop shapes, functionality, finishes and accessories to help your workspace suit your exact needs.

Discover our desking range which includes a wide variety of desks to suit any office environment. Our desking range includes executive desking, open space and height adjustable ranges to suit either home or office workspaces.

We source our desks from leading industry suppliers to offer the best office desks on the market. We are both an environmentally aware and an environmentally sustainable company and will plant a tree for every desk we sell.

take productivity to the next level with **Leap** sit-stand.

An effortless height-adjustable desk system featuring single and back-to-back desks in a wide range of sizes, shapes and finishes.

Leap sit-stand desks are electrically adjusted to sitting or standing height, helping reduce the risks and problems associated with prolonged sitting.

The range includes single, corner, K-top, and back-to-back desks, all controlled by programmable touch-sensitive controls, featuring anti-collision software.

Leap is WEEE certified and meets EN527, EN 527-1:2011 and EN 527-2:2016 including motor durability test.

Key Features

desking

the most environmentally friendly sit-stand desks available.

Strong, beautiful and sustainable, Bamboo is the go-to material for eco-friendly manufacturing.

If you are conscious of how your material choices affect climate change then, naturally, bamboo tops are a great investment for your business and the planet.

Our bamboo desktop doesn't just make a sustainable statement, it's beautiful too with unique grain striations and stunning edge detailing

Unlike our other sit-stand top options, Bamboo offers both the scallop and portal cable management options. The Bamboo desktop is both aesthetically pleasing and environmentally conscious, and comes with a 10-year guarantee too.

Bamboo tops are available to order on our Leap, Zoom and RoundE height-adjustable desk ranges.

Eze wobble stool

The ergonomic stool creates a dynamic, healthier, and innovative way of sitting.

A built-in gas spring allows you to stand up with little effort. The stool accommodates various heights while reducing fatigue and strain on legs while using a standing desk. With a tip-free base, the wobble stool offers the user a solid yet movable seat, guaranteed to provide you with the most modern and comfortable seat.

Key Features:

Fabric upholstered seat.

Relieves sedentary pressure for optimum comfort.

Air-lift piston mechanism: for quick seat-height adjustment.

Eze active stool

Complete your ergonomic office space with a height-adjustable active learning stool.

The non-slip sturdy base remains flat on the ground during use, and the handle under the seat makes it easy to adjust. Lean against your stool for support and comfort as you stand throughout your workday.

Key Features:

Dynamic range of movement.

360-degree tilt, rotate and pivot.

Air-lift piston mechanism.

Quick seat-height adjustment.

Non-slip weighted base.

for every desk we sell, we will plant a tree.

RESTORE NATIVE FOREST

PROMOTE ACCESS TO MEDICINAL AND OTHER FORESTRY PRODUCTS

INCREASE FOOD SECURITY

CREATE ACCESS TO CLEAN WATER

Sustainability

We partner with the Global Climate Institute, where we plant a tree in Tanzania for every desk sold.

Why Tanzania?

The deforestation rate in Tanzania is amongst the highest in East Africa. For a country where the forests typically help fuel the national economy, this degradation has a dramatic impact on rural communities, causing major food insecurity.

Luckily, tree planting proves to be one of the most versatile and cost effective means to improve the quality of life for people living in impoverished areas, as the trees will provide decades of food, medicine, shade, firewood, carbon fixation, environmental enhancements, wildlife habitat and benefit the global climate.

GLOBAL CLIMATE INSTITUTE® GREEN FUTURE

plant a tree

Certification

Our sit-stand desk frames are now Global Green Tag certified.

LEAP SINGLE

LEAP BENCH

ZOOM

ROUND-E

Global Green Tag is one of the world's most robust, trusted and widely recognised ecolabels. The globally trusted certification standards are recognised worldwide.

Global GreenTag independently assures that every product is fitness tested and certified under one of their two leading certification programs that use the world's best scientific methods. That's why they have earned the reputation and trust of thousands of buyers, hundreds of companies and numerous green building councils, certification bodies and governments around the world.

Reuse and recycling of Waste Electrical and Electronic Equipment.

Cosmos Solutions is a registered Recolight member and WEEE certified for all sit-stand desks.

The WEEE Regulations were introduced to the UK in 2007. Their purpose is to make sure Electronic and Electrical Equipment (EEE) is recycled; keeping this harmful waste stream from landfill. The regulations aim to improve the environmental performance of businesses that manufacture, supply, use, recycle and recover EEE. You may have obligations under the WEEE Regulations if you are a business which sells electrical or electronic equipment.

Working with recycling and logistic operators.

Recolight use Approved Authorised Treatment Facilities to recycle waste. This ensures that the waste is treated responsibly, maximising the amount of recycling that can achieved and its impact on the environment.

We have full duty of care traceability – we know exactly where the waste we collect has come from, and how and where it gets recycled.

Recolight Members recognise that WEEE compliance is about more than just ticking a box and are actively committed to protecting the environment.
